

2021 Continuum of Care (CoC) Competition

Ranking Summary

10/1/2021

The Priorities Committee is tasked with prioritizing the most effective and efficient HUD-CoC programs, both new and renewal, for funding in the FY21 HUD CoC Competition. To do so, the Priorities Committee will create a two-tier Project Priority Listing of all HUD-CoC programs participating in this cycle.

Bonus Project Review & Selection:

The first step is to determine which new project proposals, worth **\$43,502** and **\$54,274** individually, to include in the application and prioritization process. Using the submitted Notices of Intent (NOI), community need recommendations from the Gaps & Needs Committee, and annual System Performance data, the Priorities Committee will choose from the following proposals:

- HUD-DV Bonus (\$54,274) – No NOI's submitted
- HUD-CoC Bonus (\$43,502) – New Hope Housing & Carpenter's Shelter RRH

Details on new project proposal are listed in the chart on the next page in the last row, information about renewal programs is listed in the rows above.

New & Renewal Project Ranking:

The Priorities Committee's last responsibility is to rank the bonus proposal along with all renewal projects in HUD's two-tiered Project Priority Listing. Programs in the first tier represent a community's high priority programs leaving those in the latter at risk of losing funding. Tiers are divided by the community's Annual Renewal Demand (ARD), which is **\$870,034** for the Alexandria CoC. Details on how tiers must be divided are listed below:

1. Tier 1 - **\$870,034**
2. Tier 2 - amount applied for via HUD-CoC Bonus Project Funding, including all applications for DV Bonus
 - Tier 2 projects (excluding DV Bonus) will receive score out of **100** (CoC score: **50**, Tier 2 rank: **40**, housing first: **10**)
3. DV Bonus
 - DV Bonus projects will receive score out of **100** (CoC score: **50**, community need: **25**, previous performance: **25**)

Both new and renewal programs must be ranked in the tiers using standard and objective scores produced by Performance and Compliance Monitoring, and ability to fill a community need. Proposed expansions must be ranked individually.

To inform the project ranks on HUD-CoC Programs, the Priorities Committee will utilize 2021 Performance & Compliance Scorecards, 2021 Notice of Intent, and the Gaps & Needs Committee's community needs recommendations. Specific ranking metrics for new and renewal programs are listed in the 2021 HUD-CoC Ranking Criteria Chart below.
